Professional Summary

Computer Engineering student with strong foundations in full-stack web development using React.js, Node.js, Express.js, and MySQL. Experienced in building collaborative software projects and AI-driven solutions through hackathons and academic initiatives. Seeking software engineering and full-stack development internship opportunities.

Education

Bachelor of Technology in Computer Science 2024 – 2028

Fr. C. Rodrigues Institute of Technology, Vashi

CGPA: 9.07/10 (till Semester IV)

Technical Skills

Programming Languages	Python, Java, C, JavaScript
Frameworks	React, Node.js, Express
Databases	MySQL
Tools	GitHub, Postman, Firebase

Projects

College Hub (Team Project) 2026

- Developed a web-based student management system for teachers to manage student records, marks, and academic information.
- Collaborated with a team to design and implement the project.
- Worked primarily on database design, data management, and integration using MySQL (phpMyAdmin) with XAMPP.
- Technologies: PHP, MySQL, phpMyAdmin, XAMPP, HTML, CSS.

AllocateAI (Hackathon Project)

2026

- Built an AI-powered internship allocation platform that matched students with opportunities based on skill profiles, reducing manual filtering effort.
- Designed skill matching with relevant opportunities.
- Collaborated in a 4-member hackathon team to design and present a functional prototype within 24 hours.

Experience

Supervisor (Part-time)

July 2024 – March 2026

Dyanmandir Classes, Mumbai

- Worked as part of a supervisory team responsible for coordinating and ensuring timely completion of assigned academic tasks by students.
- Progressed from junior role to handling team responsibilities and leading operations when required.
- Developed leadership, communication, and problem-solving skills while balancing academics.
- Continuously improved work efficiency by adopting new approaches and problem-solving techniques.

Soft Skills

Communication, Problem Solving , Critical Thinking, Teamwork
